Winemakers notes:

Our 2014 Cabernet Franc was made from grapes grown in Lillooet and the Okanagan. Bringing these two terroirs together created a wine with exceptional depth. At press, wines were separated into individual barrels corresponding with their stage during the press cycle. This vinification technique gave us a wide variety of blending fractions and small lots from which to choose to make our flagship wine.

Tasting notes:

Made primarily with grapes from our Lillooet vineyard, our medium bodied Cabernet Franc has notes of blackberries, roasted red peppers and hints of mild oak. It has a long, clinging finish.

Awards:
